

Filter Tap

Great tasting and healthy filtered water always on tap.

Enjoy the taste, convenience and health benefits of carbon filtered water from your kitchen tap. All for a fraction of the cost of bottled water.

Benefits

Compact & stylish – a slim and stylish tap with a filter unit that fits easily under any sink

Designed to last – features Australian Standard Approved activated carbon filters protected by a patented surge proof system

Save money – quality filtered water for a fraction of the cost

No mess – patented flow control valve reduces water splashing

Standard 5 Micron Filtration – removes dirt, rust, particulates and organic contaminants plus eliminates odours by reducing certain chemicals. As specified in ANSI/NSF Standard 42

Premium Sub Micron Filtration – also filters out asbestos fibres and micro-organisms such as giardia and cryptosporidium. As specified in ANSI/NSF Standard 42 and 53

Replacement Filter Cartridges –

- 1311047 for Standard Filter Tap
- 1311068 for Premium Filter Tap

Model 1311065

Model 1020001

MODEL	TYPE	FILTRATION
1020001	Standard Filter Tap	5 Micron
1311065	Premium Filter Tap	Sub Micron
