

Under Sink Boiling & Chilled Water

Boiling and chilled filtered water on tap at any kitchen sink.

Now you can have boiling water with no waiting or chilled filtered water at a fraction of the cost of bottled water. On tap at your home or business.

Benefits

Save time – for filtered boiling or chilled water, just press a button and out it flows

Practical & stylish – the fashionable goose-neck tap delivers a smooth, steady flow with no splattering

Built to last – high quality stainless steel water boiling tank, copper chiller tank and polished stainless steel under-sink cabinet

A complete solution – comes standard with 5-micron inline filter and cupboard air vents with a safety tray on the boiling model

Replacement Filter Cartridges –
 - 1311050 or 1311052 for all models

| MODEL | CAPACITY* | | | POWER | | WATER PRESSURE | | DIMENSIONS | | | FILTRATION | DISPENSER | |
|---------|----------------|----------------|----------------|---------------|----------------|----------------|--------|------------|-----|-----|------------|---------------|---------------|
